PRODUCT DESCRIPTION

Designer: Space Copenhagen

Gubi Unbound LED Table Lamp

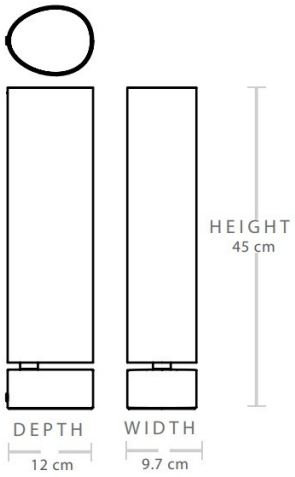

The Gubi Unbound LED Table Lamp, designed by Space Copenhagen, captures the serene essence of a floating lantern. Its unique pairing of a teardrop-shaped marble base and a long fabric shade creates a striking balance between weight and lightness. The design draws inspiration from traditional Japanese paper lanterns, offering a poetic yet functional lighting solution.

Integrated LED technology is cleverly concealed within the antique brass arm, which supports the shade and allows it to rotate 360 degrees. This rotation exposes the underside of the shade, providing both indirect and downward lighting for a warm and tranquil glow. The table lamp is as visually captivating when switched off as it is when illuminated, evoking the silhouette of a ship's sail gently billowing in the wind.

Ideal for bedside tables, console surfaces, or living spaces, the Unbound Table Lamp creates a peaceful ambience. Combine it with other sizes from the Unbound Collection to craft a harmonious, sculptural lighting display.

PRODUCT SPECIFICATION

Light Source:	8.5W, 2700K, 600 Lumens
IP Code:	20
Dimming:	In-line dimmer included on cable.
Dimensions:	Height: 45cm Shade: Ø9.7cm Depth: 12cm Cable Length: 200cm
