PRODUCT DESCRIPTION

Designer: Sofie Refer

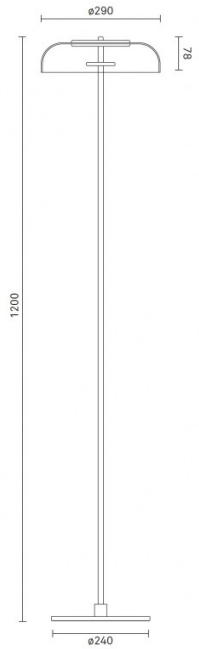

Nuura Blossi LED Floor Lamp

A part of the Nuura Blossi collection, the Blossi floor lamp was designed by Sofie Refer, who is a founder and creative director of the Nordic lighting brand Nuura. The floor light embodies Scandinavian design, displaying an elegant and sophisticated aesthetic which also looks natural due to the rounded lampshade.

The Blossi floor light is made from metal and glass, made with a combination of either nordic gold metal with clear glass or black metal with opal-white glass. The opal white glass conceals the light source and creates a diffused glow, whereas the clear glass exposes the light source for a more contemporary look. The LED floor lamp also comes with a dimmer switch so you can create the perfect ambience in your space. Suitable for many settings.
