PRODUCT DESCRIPTION

Designer: Cenlitrosmetrocadrado

a-emotional light Cambo LED Pendant

The a-emotional light Cambo LED Pendant was created by design duo Ricardo Tubío and Xabier Rilo of Cenlitrosmetrocadrado. Their aim for this piece is to represent nature and the natural growth of plants. The beechwood paired with the industrial metallic shade creates a juxtaposition, creating a tribute to the world we live in today. The beechwood frame is treated with a water-based varnish that allows the material to be shown in its most natural form. The mesh metallic shade diffuses and conceals the integrated LED light source and strategically hides the technical details, making The Cambo Pendant appear to be naturally lit.

The Cambo Pendant is available in three different versions with differing sizes and beech wood arrangements. Each of these are available in a black or white finish, allowing you to find the perfect pendant for your living space. The exposed bottom of the shade allows for a downward directional light, perfect for hanging in a reading nook or above a table or workspace. They can be installed individually or as multiples to create a forest of pendant lights.

PRODUCT SPECIFICATION

Light Source: 7W, 2700K, 85 Lumens

IP Code: 20

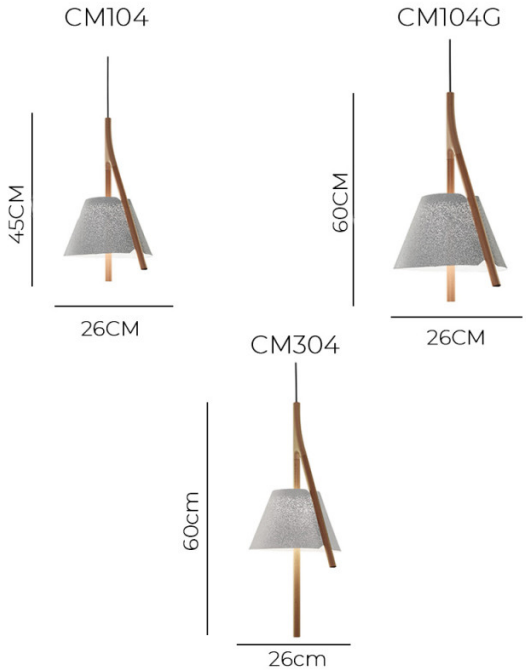

Dimming: Dimmable via mains phase dimming.

Dimensions:

CM104:
Height: 45cm
Width: 26cm

CM104G:
Height: 60cm
Width: 26cm

CM304:
Height: 60cm
Width: 26cm
