PRODUCT DESCRIPTION

Designer: Chiaramonte Marin

Brokis Dome Nomad LED Portable Outdoor Lamp

The Brokis Dome Nomad is a portable outdoor light inspired by the iconic domes of Venice, designed by Italian studio Chiaramonte Marin. Its dome-like silhouette symbolises eternity and the celestial vault, with a glass shade available in smooth or wavy clear finishes. Each piece is handblown from layered molten glass and thoroughly inspected by master glassmakers, ensuring a refined and durable final product. The gentle LED illumination filters through an internal opal diffuser, creating a soft and ambient glow wherever the lamp is placed.

Dome Nomad is both elegant and highly functional, designed for use on terraces, in gardens, or as a cosy floor or table light indoors. With an IP44 rating, it is suited for outdoor use and can withstand freezing temperatures. The base houses an integrated LED module, rechargeable battery, and magnetic Magconn charging connector, with a USB cable included. A discreet touch dimmer on the base allows easy control of brightness. Available in a selection of refined finishes, including black matte, stainless steel, copper, and brass, Dome Nomad blends portability with timeless design, making it a standout piece for both indoor and outdoor settings.

PRODUCT SPECIFICATION

Light Source: 4W, 2700K, 950 Lumens

IP Code: 44

Dimming: Integrated dimmer on the product.

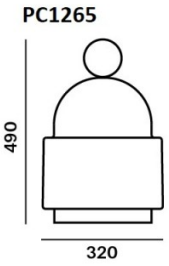

Dimensions:

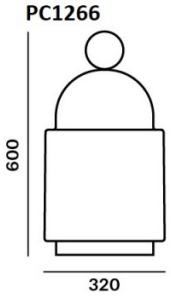

PC1265:
