PRODUCT DESCRIPTION

Designer: Sofie Refer

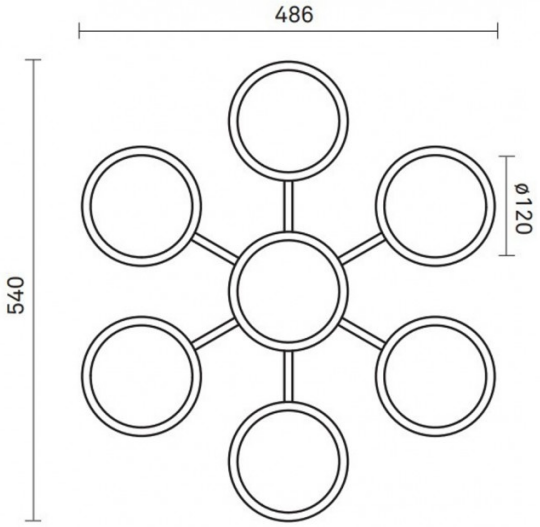

Liila Star Ceiling / Wall Light by Nuura

The Liila Star is a testament to Scandinavian design, made from metal and glass for an elegant and refined look. The design resembles stars in the night sky, creating a warm and soft glow that is perfect for a cosy ambience. The Liila Star light can be installed on walls and ceilings, being a versatile fixture that can be utilised throughout your interior.

The Liila Star ceiling/wall lamp is available in two finishes, nordic gold/optic clear and nordic gold/opal white. The optic clear glass creates a twinkling glow as the light source is slightly concealed and the opal white glass conceals the light source to create a diffused glow. Add a touch of sophistication and grace to your setting.
