## PRODUCT DESCRIPTION

**Designer:** Marc Sadler

### Foscarini Twiggy Wood LED Suspension

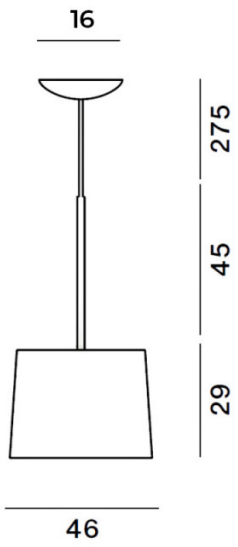

The Twiggy Wood Suspension light was designed by Marc Sadler after the success of the Twiggy collection. The collection has won multiple awards worldwide, including four Compassi d'Oro ADI for creating iconic designs for Foscarini. For the 15th anniversary of the Twiggy collection, Marc Sadler has created a wooden suspension version.

This new addition to an already award-winning collection features an integrated LED suspension light that creates an elegant ambient downlight that floods a room. The wooden material that forms the shade is so delicately thin that the light source is able to diffuse outwards through it. This wood is designed to create an elegant, refined atmosphere with a softer, more relaxed approach. This naturally warm light is ideal for above a table, in a bedroom, kitchen, living area, or entrance.

The light source for this suspension light has been completely updated by improving luminous flux and energy savings. With the double-face LED board, the Twiggy wood provides intense downward lighting, while spreading an upward ambient glow.

## PRODUCT SPECIFICATION

| | |
|---|---|
| **Light Source:** | 28W, 2700K, 3840 Lumens |
| **IP Code:** | 20 |
| **Dimming:** | Dimmable via Dali/Push to make dimming systems. Please consult your electrician, additional wiring may be required on site. |
| **Dimensions:** | Shade: Ø46cm<br>Shade Height: 29cm<br>Rod Length: 45cm<br>Cable Length: 275cm<br>Ceiling Canopy: Ø16cm |
