PRODUCT DESCRIPTION

Designer: Sofie Refer

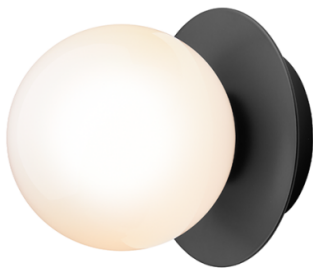

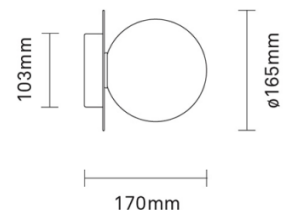

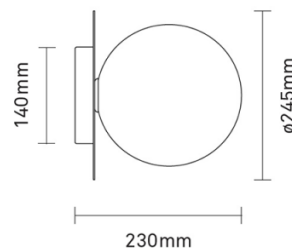

Liila Ceiling / Wall Light by Nuura

The Liila 1 wall and ceiling light was designed by Sofie Refer who encapsulates Nordic minimalism with a globe shade made from glass on a metal structure. A simple light, the Liila 1 can be installed on walls and ceilings, ensuring for a versatile and functional lighting solution. The rounded shade also creates an elegant look, being useful in many settings.

The Liila 1 ceiling/wall lamp is available in two sizes, small or large, and in four colours and two different glass shades. The optic clear shade refracts the light, creating an exposed glow that casts beautiful shadows. The opal white shade conceals the light source for a diffused glow which is warming and more traditional. The wall and ceiling lamp also has an IP44 rating so can be used in wet rooms and bathrooms.

Please note: This Liila Ceiling / Wall Light is also available in a smaller size with a diameter of Ø14.9cm. Please [contact us](#) for more information.
