PRODUCT DESCRIPTION

Designer: Tom Dixon

Tom Dixon Melt LED Chandelier

An eye-catching addition to the bestselling **Tom Dixon Melt Collection**, the Melt Chandelier brings together multiple versions of the collection's distinctive polycarbonate shade. Each shade has a mirrored surface when switched off, becoming translucent once illuminated to reveal the molten effect that gives Melt its name. Introduced in 2024, the Opal version is available with either a Gold or Silver suspension kit and ceiling canopy. When switched off, it has a soft, pearl-like appearance, while illumination brings out a more even, diffused glow.

The Melt Chandelier is available in Mini, Small and Large sizes. The Mini and Small versions use four shades, while the Large uses seven, giving each size a different scale and presence. The chandelier is available in Copper, Chrome, Smoke, Gold, Opal, Bronze and the new Nickel finish. Its sculptural form works particularly well above dining tables, in stairwells, entrance halls and larger open-plan spaces.

Bronze was introduced to mark the tenth anniversary of Melt, adding a darker and more muted metallic option to the range. For 2026, Tom Dixon has added Nickel, bringing a cooler metallic tone to the collection while keeping the same reflective finish and molten effect when illuminated.

PRODUCT SPECIFICATION

Light Source: **Mini**: 4 x 6W, 3000K, 800 Lumens
Small: 4 x 6W, 3000K, 800 Lumens
Large: 7 x 6W, 3000K, 800 Lumens

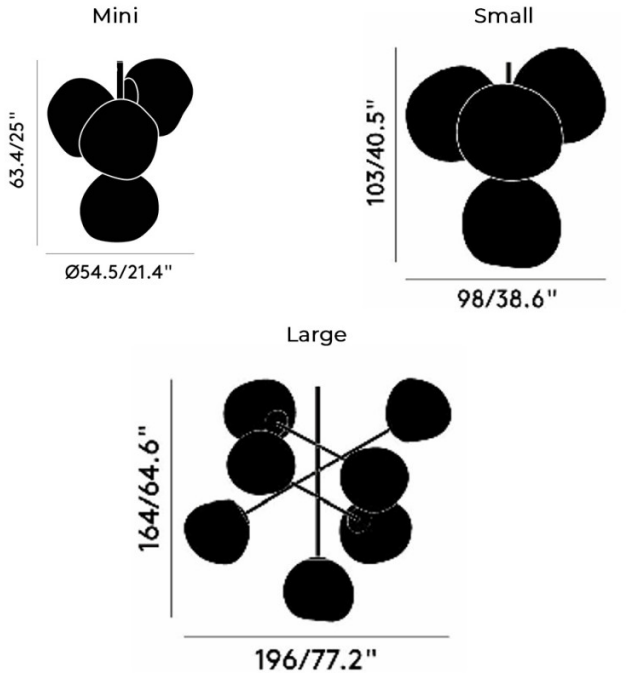

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: **Mini**:
Height: 63.4cm
Width: 54.5cm
Cable Length: 500cm

Small:
Height: 103cm
Width: 98cm
Cable Length: 500cm

Large:
Height: 164cm
Width: 196cm
Cable Length: 500cm
