PRODUCT DESCRIPTION

Designer: Niclas Hoflin

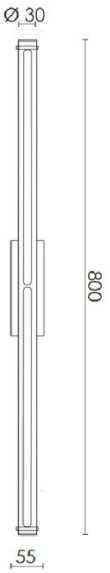

RUBN Bloomsbury 800 LED Wall Light

The Bloomsbury 800 LED wall light was designed by Niclas Hoflin who was also the designer and founder of the lighting brand, Rubn. Hoflin believes that *'design must be crafted to last. It has to endure the trials of time, both in expression, function, and use of materials'*. This is clear in the design of the Bloomsbury Wall Light as it boasts elegant aesthetics and high functionality. The metallic finish of the exterior adds a sleek touch to any area of the home. This paired with the functionality of the product makes it a successful Hoflin design.

This RUBN LED wall light is available with a cable and plug or as a hardwired light. This allows you to have the option between having a cable with on/off switch or a mains dimmable wall light. With the driver included in the hardwired option, you are able to dim the product to the perfect lumens output for your space.
