PRODUCT DESCRIPTION

Designer: Niclas Hoflin

RUBN Lektor Floor Lamp

The Lektor Floor lamp was designed by Niclas Hoflin with the intention of creating a functionally beautiful product. One of his mantras is *'if it's not beautiful it has no function. Without function, it has no beauty'*. This is seen clearly in the design of the Lektor collection. The shade can be manipulated and moved to direct the light anywhere in the space and the integrated dimmer switch can control the lumen output of the product with ease and precision.

Available in five finishes, the RUBN Floor lamp is a simple design that delicately adds a touch of elegance to a space. Perfect for a living room, hallway, or workspace, the Lektor floor lamp can be placed anywhere to add soft light and functional beauty.
