RUBN Astoria Table Lamp

The Astoria table lamp was designed by Niclas Hoflin who uses his Scandinavian influence to create beautifully calming designs. The Astoria table lamp in particular keeps it simple and places the emphasis on the elevated light sources. With an elegant brass finish, the Astoria collection features four long upwards rods that effortlessly reach up to the ceiling.

The integrated dimmer switch makes dimming and brightening the light source easier and more precise than ever. Whilst the thin weighted base allows you to place this RUBN table lamp whenever you please.
