PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

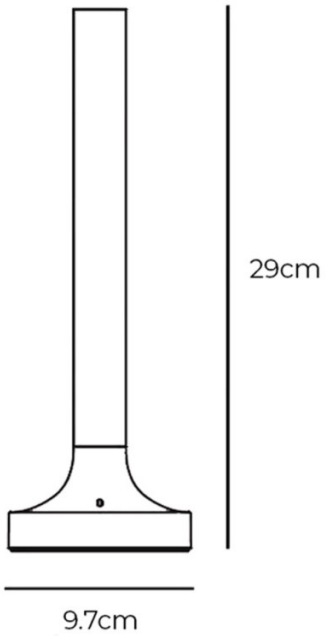

Kartell Goodnight Battery LED Portable Lamp

Designed by Philippe Starck, the Goodnight Battery Portable Lamp takes on the form of a traditional candle, updating a universal and centuries-old source of light and reinterpreting it for a modern user. The design is crafted from recycled plastic, which is made to last and creates a warm and inviting glow.

The Kartell Goodnight is a portable lamp that can be carried from place to place, emulating the gorgeous and romantic atmosphere of a candle. It features an integrated dimmer switch with three light settings, so you can create the right ambience in your space. Available in 6 colour finishes, the Goodnight Battery Portable Lamp is suitable for domestic and professional settings.
