PRODUCT DESCRIPTION

Designer: Niclas Hoflin

RUBN Erie LED Floor Lamp

The RUBN Erie LED Floor Lamp was designed by Niclas Hoflin and Meghan Sims with the aim of creating a lamp that would 'embody the mesmerising reflection of moonlight on Lake Erie in Ontario Canada'. This collaboration between the founder of RUBN, Niclas Hoflin, and the creative designer Meghan Sims has resulted in this stunning yet delicate design.

Made of handcrafted glass in Sweden, the layered glass discs replicate 'the glimmering road-like reflection that the moon creates on water'. This technique of creating individual glass discs, carefully stacking them and securing a long LED strip down the center is an innovative design that produces a uniquely diffused light. The light can be dimmed and adjusted using the integrated switch making it easy to create the perfect atmosphere in your space. Ideal for a dining room, living room or hallway, this lamp is ideal for those calming environments and emits a peaceful ambient light.

PRODUCT SPECIFICATION

Light Source:	29W, 2700K
IP Code:	20
Dimming:	Integrated dimmer on the product.
Dimensions:	Height: 113cm Shade Ø: 10cm Base Ø:45cm Cable Length: 280cm
