Warm Nordic Milieu Colour Mini Pendant Light

The Milieu Colour Mini Pendant was designed by Jo Hammerborg in 1975. This design classic, reintroduced by Warm Nordic, features organic and smooth lines. The shade consists of four hemispheres that create a concentric pattern. Hammerborg's love of flying and parachuting inspired this design, and the individual layers of the Milieu Colour Mini pendant encapsulate this.

Available in 3 finishes: Clear White, Black/Brass, and White/Brass, these pendants suit many settings and decors. Perfect for installing over tables and surfaces, the Milieu Colour Mini pendant light has a downward-directed illumination that will add a warm and glare-free glow to any room. These pendants can be installed individually or as multiples, giving you the freedom to mix and match colours and sizes from [The Milieu Collection](#).
