Circ LED Table Lamp by Estiluz

A part of the Estiluz Circ collection, the Circ table lamp features a beautiful glass lampshade and a chic metal structure. Defined by a geometric silhouette, the table light has a straight stem and arm paired with a smooth domed shade, which work in contrast to create an elegant and refined look.

Available in satin gold or black, the Circ table light can be used in many interiors to create a warm atmosphere. Fitted with an integrated LED light, the light source is concealed by the lampshade to produce a diffused and evenly spread glow. Use in homes and offices for a sophisticated aesthetic.
