PRODUCT DESCRIPTION

Designer: Matteo Ugolini

Karman Circus Suspension Light

The Circus suspension collection by Karman aims to replicate the iconic circus tents and the wonder and joy that they represent. The striped design of the shades creates a classic yet playful appearance that will spark joy wherever it is placed. Designed by Matteo Ugolini and Edmondo Testaguzza, the design process uses Ugolini's sense of excitement and emotion as well as Testaguzza's research and minimalism.

The Karman Circus suspensions come in three different shapes that all reflect the bellowing characteristics of the circus tent. The classic tent shape is impersonated best by Model A with its pointed tip with stripes that get finer and finer. The other two models, B and C, both use smoothed lines and rounded designs that create a beautifully diffused light. These Circus suspension lights look striking as individual features, however, they create a stunning statement when clustered.

PRODUCT SPECIFICATION

Light Source: 1 x Max 53W E27 (Excluded)

IP Code: 20

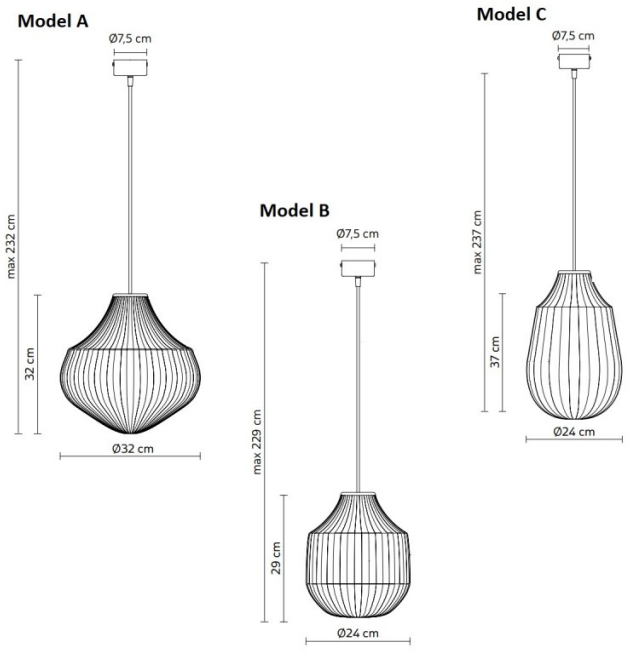

Dimming: Dimmable via mains phase dimming.

Dimensions:

Model A
32cm shade height
Ø32cm shade
232cm max drop
