PRODUCT DESCRIPTION

Designer: Christian Flindt

Louis Poulsen LP Grand 320 LED Pendant

The Louis Poulsen LP Grand 320 Pendant was designed by Christian Flindt in 2022. Suitable for use in homes, offices, hospitality and projects, the pendant light uses old forms and new technology for a modern and contemporary fixture. The pendant features reflectors and has a beautiful circular silhouette to emit a glare-free and warm glow.

The LP Grand 320 pendant lamp is available in three colours, matt black, glossy white or matt champagne and with the choice between a 2700K (warmest white) or 3000K (warm white) colour temperature. The PMMA diffuser conceals the integrated light source for a comfortable illumination, and the size of the suspension makes it perfect for application alone or in multiple applications. Use over tables and surfaces or as a main light.
