Pablo Belmont Floor Lamp

The Belmont collection was designed by Brad Ascalon in collaboration with Pablo designs. He designed these with the aim of *'re-envisioning the traditional fabric shade lamp but with the warmth and preciousness of handcrafted furniture'*. The interplay between the luxurious fabric shade and handcrafted wooden base beautifully highlights the quality and characteristics of both high-end materials. The iconic racer line shade is available in three monochrome colours that, when both switched on and off, showcase the woven woolen fabric.

The Pablo floor lamp is ideal for both home and commercial settings as its textured fabric material softens the interior and adds a warming glow to any space. The robust majestic trio of solid wood posts demonstrates the quality of the Belmont floor lamp. The wooden base is available in an oak or walnut finish, both of which compliment the monochrome shade finishes beautifully. The racer line shade provides both a direct and indirect glare-free light that is fully dimmable via the in line dimmer on the cable. This makes it ideal for a cosy corner of a home or a large workspace that needs plenty of light.
