PRODUCT DESCRIPTION

Designer: Brad Ascalon

Pablo Belmont Pendant Light

The Belmont pendant light was designed in collaboration between Pablo and Brad Ascalon. They describe the design as *'Belmont's iconic, yet reductive form creates a natural canvas for displaying an exquisite array of textiles'*. The combination of premium woolen blend and solid oak armature exaggerates the textures and tones of both the high-end materials. These pendant lights diffuse a direct and indirect glare-free light that beautifully lights up a room. When switched on, the light illuminates the natural textures and fibers of the fabric shade.

A perfect addition to any commercial or home space as its fabric exterior and soft oak detailing softens and calms any interior. These lights can be hung individually in a hallway or workspace but also look striking as a cluster. Available in two monochrome finishes, these stunning lights add a delicate touch to any space.
