Anoli Chandelier Light by Nuura

The Anoli chandelier is made up of either 3, 6 or 13 individual Anoli 1 pendants, arranged on an included ceiling canopy for a sophisticated and spectacular look. Made from blown-glass, each lampshade has gorgeously smooth lines which are refined and elegant, showcasing the best of Scandinavian design.

The Anoli chandelier lamp is available with the choice of a gold finish, which is transparent for a contemporary feel, or opal white which diffuses the light bulb and lends a more traditional touch. The chandelier can be used as a main light or can be used in various configurations for larger spaces. A beautiful and stunning addition to any setting.
