PRODUCT DESCRIPTION

Designer: Naoto Fukasawa

HAY Pao Portable Lamp

The latest addition to the **HAY Pao Collection**, the Pao Portable Lamp offers the beauty and simplicity of the other lights in the series on a compact scale. The Pao was designed by Naoto Fukasawa, who is known for creating objects that are accessible and uncomplicated. Inspired by the shape of the Mongolian Pao tent, the Pao Portable features a domed shade that conceals the light source, creating a soft and diffused glow.

The Pao Portable Lamp is available in four colourways: Cool Grey, Red, Cream White or Soft Black. With an IP rating of 44, it is suitable for use in both indoor and outdoor spaces. An integrated dimmer on the lamp allows users to adjust light intensity to suit any environment. Charge via the included cable for a minimum of 10 hours of use, depending on the brightness selected. Move around the home to provide warm, comfortable lighting that creates a sense of harmony with its environment.
