PRODUCT DESCRIPTION

Designer: Patrick Norguet

Lodes Flar Table/Floor Lamp

Designed by Patrick Norguet, the Flar table and floor lamp is a contemporary piece that uses contrasting materials to create a gorgeous and stunning aesthetic. The table/floor light is so named to evoke images of flares and flames, as the light bulb is exposed to create the sense of a burst of light. The lampshade is made from blown glass, inspired by traditional storm lanterns, as glass pipes would be used to encase the flame. The shade is supported by a sleek metal base, which contrasts with the round glass diffuser for a modern look.

Available in two sizes, the Flar floor/table lamp is available with either a champagne or terra coloured base and a honey or turquoise coloured shade. Suitable for use on floors and lights, the Flar lamp is equipped with a dimmer on the cable and will draw the eye in many different interiors.
