Louis Poulsen VL Studio Table and Floor Lamp

The VL Studio Table/Floor Lamp is part of the [Louis Poulsen VL Collection](#), designed by Vilhelm Lauritzen. The range was created by Lauritzen for the Radiohuset, the Copenhagen headquarters of the Danish Broadcasting Corporation, which he designed from the inside out. Featuring a simplistic silhouette, the VL Studio floor/table light reincorporates the classic design for a gorgeous and stunning lighting solution.

Available in three sizes, this table and floor light can be used on many different surfaces throughout your interior for a clever and intriguing aesthetic. The VL Studio is available in a matt black or brushed brass colour finish and also features an opal glass diffuser which provides a warm and welcoming glow. Use in homes, offices, hospitality or big projects for a modern look with a vintage twist.
