PRODUCT DESCRIPTION

Designer: Harrit-Sørensen

Le Klint BEE HIVE Table Lamp

The Bee Hive is inspired by traditional Japanese lanterns with a Danish twist. Design studio Harrit-Sørensen experimented with Le Klint's iconic pleats, altering them to fit this design by placing them horizontally to wrap around the wooden frame. The paper shade embodies the delicacy and simplicity of Japanese design, reminiscent of traditional paper lanterns. The oiled oak frame is a perfect example of Danish design, focusing on functionality while being free from any unnecessary clutter.

The hand-folded shade diffuses light, creating a glare-free glow. This warm, ambient lighting is perfect for creating a welcoming ambience in communal rooms such as the living room. The Bee Hive is available in two sizes, to suit the space it's required for. Display individually or in pairs of both sizes to create a sense of balance and a unifying theme in the room. Designed with sustainability in mind, the Bee Hive has been created to be durable as well as a decorative lighting solution.

PRODUCT SPECIFICATION

Light Source: 1 x Max 20W E27 LED (Excluded)

IP Code: 20

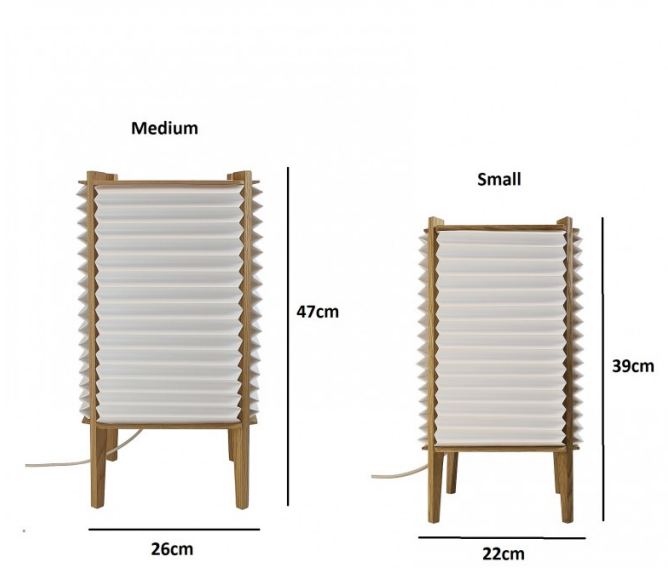

Dimming: In-line on/off switch included on cable.

Dimensions:

Small:
Height: 39cm
Width: 22cm
Depth: 22cm

Medium:
Height: 47cm
Width: 26cm
Depth: 26cm

Cable Length: 185cm
