PRODUCT DESCRIPTION

Designer: Xavier Manosa

Marset Pleat Box Pendant Light

Ex-Display, with signs of wear and tear, boxed in original packaging.

Please see images for exact condition.

1 x available

The Pleat Box collection was born from a successful creative collaboration between master ceramicist Xavier Manosa and Berlin-based Marshalla Design Studio. Created in 2011 for Spanish lighting manufacturers Marset, Pleat Box was made from a combination of digitally designed creases in a piece of cloth and an organic silhouette of which is applied to a ceramic base. The result is a striking and seemingly soft form which envelopes the light source within it's folded top.

Marset Pleat Box is a minimal and stylish pendant light which is available in four sizes and eight colourways, enabling a unique and engaging installation of multiple pendant lights. Pleat Box's organic form resembles fabric, how it creases and hangs under its own weight or over an object.

Marset Pleat Box pendant lights are a beautiful example of ceramics used creatively. The range of colours are perfect for homes and commercial spaces alike, suitable for kitchens, dining and social areas.
