PRODUCT DESCRIPTION

Parachilna Lighto A LED Wall Light

The Lighto A wall light by Parachilna features a matt black lacquered steel structure that is paired with a dome-shaped glossy shade. This lamp is a simplistic design that boasts elegance and skilled craftsmanship. The shade is available in two finishes, a glossy gold and a black chrome. Both of these finishes contrast and compliment the matt black structure that attaches the fitting to the wall.

The designer of this wall light, Jaime Hayon, is well known in the industry as an individual that has 'blurred the lines between art, decoration, and design'. By taking a simple wall light design, Hayon has added a delicate flare with the gloss and matt contrast and the colour selection. This, together with the integrated LED, has elevated a classic design.
