a-emotional light Virginia Outdoor Pendant Light

The Virginia Outdoor Pendant was designed in honour of Virginia Woolf, a British writer and one of the most prominent figures of avant-garde modernism. She used her career to highlight the difficulties for women and worked towards bringing feminism to the forefront. The Virginia lampshade is formed of a strong stainless-steel material coated in white paint that is durable and easy to maintain. The rough exterior is contrasted by the delicate light diffused through the shade's small openings and imperfections.

With an IP rating of 64, the Virginia pendant can be hung inside or outdoors. Wherever it is installed, this pendant will create a warm ambience through a soft glow that plays with light and shadows. Ideal for a garden, terrace, or over a dining table, the Virginia is a deceptively complex design with a lot of elegance.
