Luck Single Pendant Light by Estiluz

Designed by Ximo Roca Diseño, the Luck Single pendant has a contemporary and dynamic look, made from transparent glass paired with metal. The metal part has an almost industrial feel which holds the more delicate glass lampshade which has a circular opening to emit a stream of light. This juxtaposition of materials creates an intriguing aesthetic, being able to adapt to many settings or surroundings.

The Luck pendant lamp exposes the light bulb, creating an atmospheric glow, perfect for creating an intimate space. Use in homes, hospitality or commercial spaces for an alluring lighting scheme.
