**Lune LED Wall Light by Estiluz**

The Lodes Lune Wall Light is a clever and elegant solution for effective and atmospheric lighting in your space. Made from a metal front plate, the lampshade smoothly curves to create a gorgeous aesthetic, being both dynamic and unimposing. The integrated LED light source sits behind, encased by an acrylic diffuser to create a warm and soft glow.

The Lune wall lamp is available in a satin gold finish, suitable for many types of design schemes. The wall lamp creates both direct and indirect illumination, being useful in lining walls in hallways, lounges, corridors and much more.

**The Lune LED wall lamp is also available with customisable laser-cut signage (as shown in images). Please [contact us](#) for more information and prices.**
