PRODUCT DESCRIPTION

Designer: Space Copenhagen

Gubi Howard Pendant Light

The Howard Pendant Light is a masterful fusion of industrial and Scandinavian aesthetics, designed by Space Copenhagen for Gubi. Inspired by the materials and architectural charm of New York City, this pendant showcases a sleek silhouette with a choice of two finishes: Gunmetal Brass or Bone China. The gunmetal brass option features a brushed brass interior, adding warmth to the focused light it casts. This finish exudes a bold, industrial aesthetic ideal for modern kitchens, dining areas, or contemporary office spaces. For a softer and more diffused glow, the bone china shade offers a gentler ambience, perfect for living rooms or cosy dining setups.

Available in three sizes, the Howard Pendant can be hung individually for a minimalist statement or grouped into a cluster for a dynamic, sculptural arrangement. Its timeless design ensures it enhances both residential and commercial interiors, blending seamlessly with a variety of décor styles.
