PRODUCT DESCRIPTION

Designer: Space Copenhagen

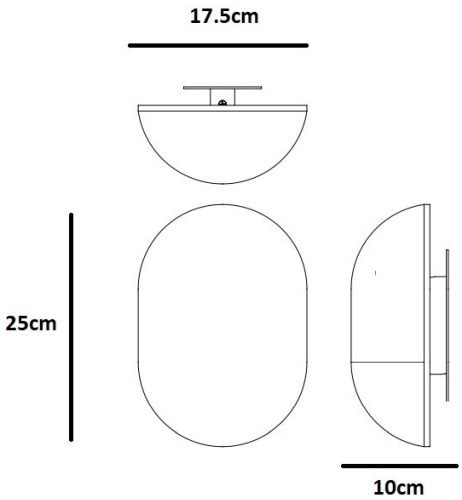

Gubi Howard Wall Light

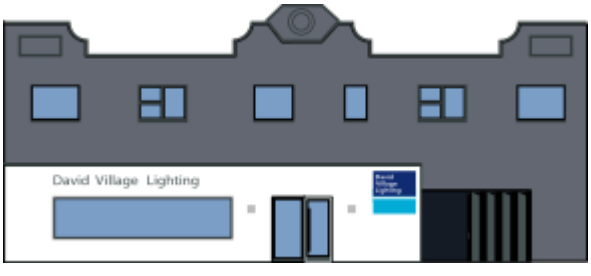

The Howard Wall Lamp, part of the Howard Collection by Gubi, is a refined yet robust lighting solution designed by Space Copenhagen. Drawing inspiration from New York's industrial heritage, the lamp features a semi-spherical gunmetal brass shade with a brushed brass interior, delivering a warm glow. Perfect as an ambient lighting fixture, the Howard Wall Lamp works beautifully in hallways, living rooms, or hotel interiors. Its minimalist yet sculptural design makes it a standout choice when used in repetition along a corridor or as bedside lighting. The lamp diffuses light gently to create an inviting atmosphere.

This wall lamp can be hardwired for a seamless installation or used with its included cable and plug for flexible placement. Its versatile design ensures it complements both private residences and commercial environments with ease.
