PRODUCT DESCRIPTION

Designer: Bill Curry

Gubi Obello LED Portable Table Lamp

The Gubi Obello Portable Table Lamp is a testament to the creative brilliance of Bill Curry, the basis for its design was created during the height of the atomic age in the 1970s. With its frosted, mouth-blown glass shade and sleek silhouette, this lamp captures the optimism and forward-thinking spirit of its era. The unique mushroom-shaped design provides both aesthetic appeal and practical functionality, making it an ideal addition to any space.

Updated for the modern day as a Portable Table Lamp. Featuring integrated dimmable LED modules, the Obello lamp offers a warm, ambient glow that can be adjusted to suit your mood. With up to 40 hours of light on a single charge and an IP44 rating, it transitions effortlessly between indoor and outdoor use. Its lightweight and portable design make it easy to carry, transforming patios, gardens, or living rooms into inviting retreats.

A celebration of craftsmanship and innovation, the Obello lamp embodies timeless elegance. Whether used as a statement piece or a functional light source, it seamlessly combines mid-century design principles with modern technology.
