Pholc Donna Line 120 Pendant Light

Designed by Nina Jobs & Stina Sandwall as part of the Pholc Donna collection, the Donna Line 120 suspension brings the shape of the Donna 7 pendant on a large scale for effective illumination. The designers were inspired by fabrics used in high fashion, determined to translate this aesthetic to a hard material such as metal. Achieving this goal, this pendant light features four gorgeous lampshades that look pleated in nature for a minimalist and modern look.

The Donna Line 120 pendant lamp emits a downward light that is perfect for hanging over tables and surfaces, particularly kitchen islands and dining area tables. The pendant light is available in five stunning colours, black ink, autumn leaves, blush, linen and midnight blue - all of which add a subtle and sophisticated touch to any interior. Use in homes or professional spaces for a contemporary lighting solution.
