PRODUCT DESCRIPTION

Designer: Oki Sato

Louis Poulsen NJP Mini LED Table Lamp

The NJP Mini table lamp was designed by Nendo, a Japanese design studio founded by Oki Sato in 2002. Nendo, meaning 'clay' in Japanese, is a studio whose design technique is always 'form follows function'. The combination of Japanese design and Louis Poulsen's Scandinavian roots creates a perfect fusion of simple design and functionality. This is clear within the sleek and modern design of the Louis Poulsen NJP Mini table lamp. The iconic shade emits a softly diffused downward-directed light from the integrated LED light source concealed within the shade. The design of the NJP shade also features an opening at the back that allows for a delicate hint of light, adding to the overall simplicity and beauty of the design. To add adjustability, this shade is able to tilt and rotate, allowing you to perfectly direct the light as you please.

The adjustability does not end here; the arm is also able to rotate a total of 342 degrees around the base, making this an ideal task light for those busy desks or calming reading nooks. This Louis Poulsen table lamp can be as bright or as ambient as you like. With an integrated dimmer switch located on the shade, it has never been so easy to alter the atmosphere with a click of a button. However, to make it even easier, this LED table lamp is also fitted with a **timer function** that will turn the NJP mini off after either 4 or 8 hours. Paired with the energy-saving LED light source, this makes the NJP table lamp highly efficient and environmentally friendly.

Available in a selection of Scandinavian-inspired finishes, the Louis Poulsen NJP mini is the ideal addition to your windowsill, bookcase, dresser, bedside table, or desk. Bring a designer touch to your home office or use the dimmable light source to add a soothing drop of ambience to your bedside table.

PRODUCT SPECIFICATION

Light Source: 10W, 2700K, 418 Lumens

IP Code: 20

Dimming: Integrated dimmer on the product.

Dimensions: Base Width: 16cm
Height: 41.5cm
Shade: Ø12.1cm
Cable Length: 250cm
