PRODUCT DESCRIPTION

Designer: Jordi Garcés & Enric Soria

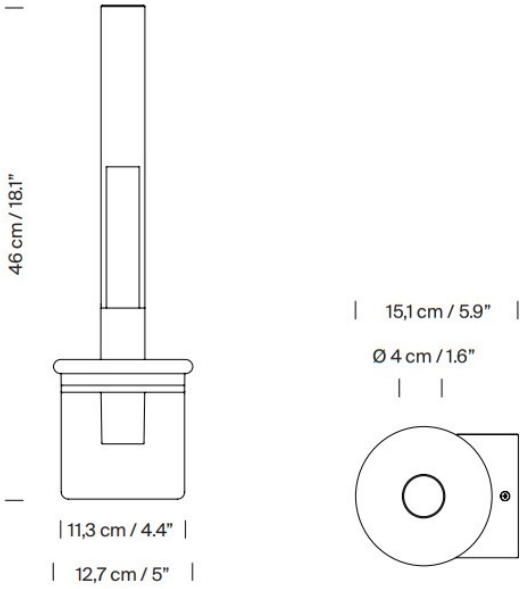

Santa & Cole Sylvestrina Wall Light

Designed by Jordi Garces and Enric Soria, the Sylvestrina collection was inspired by traditional oil lamps and was named after a fisherman called Silvestre, from El Port de la Selva in Spain. This industrial inspiration mixed with the modern style creates a sleek and simplistic aesthetic that gives the illusion of warmth or a flame. The candle influence also gives this light its ambient glow that soothes the surroundings.

The ability to dim these stunning Santa & Cole wall lights allows you to control the lumen output and enjoy the unique glow at different intensities. Ideal for placement above a bedside table or vanity and an excellent way to illuminate hallways, the Sylvestrine wall lights can add an elegant feature to your home.
