PRODUCT DESCRIPTION

Designer: Antoni Arola

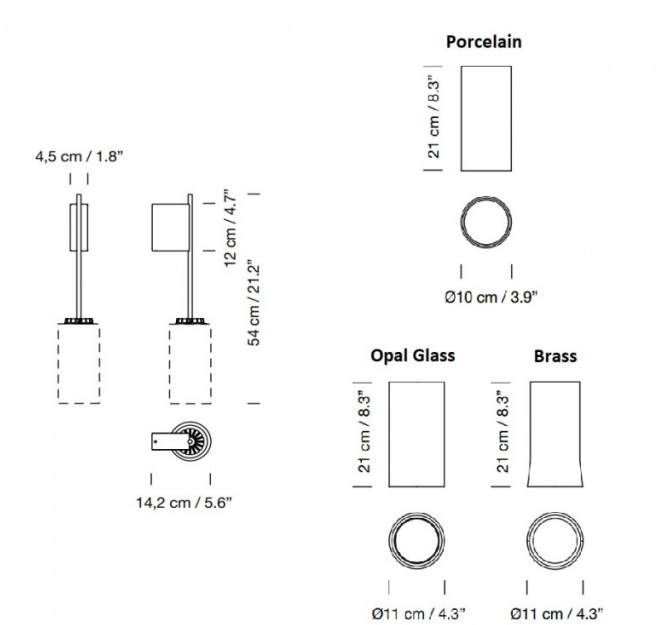

Santa & Cole Cirio LED Wall Light

Inspired by the stunning array of candles and light used in the Blue Mosque in Istanbul, the Cirio collection by Santa & Cole is a simplistic yet beautiful demonstration of tradition meeting technology. The wall light in particular uses its soft warming glow against the wall to imitate the luxurious feel and classic appearance of delicate candles and the light they emit. With a choice from three different shade options, brass, porcelain, or opal glass, each finish diffuses the light differently and uniquely. The brass shade is completely opaque and only allows for a downward outpouring of stunning ambient glow, however, the opal and porcelain shades allow light to diffuse through the shades as well as through the opening at the bottom. This allows you to choose the perfect finish for your design scheme as well as the ideal light output for your interior.

Another way in which you can control the light output of this wall light is through the ability to dim the light by rotating the light source. The ability to dim the light allows for full control over the atmosphere created. Place this stunning Cirio LED wall light along a hallway or above a bedside table.

PRODUCT SPECIFICATION

Light Source:	**Porcelain**: 9.2W, 2700K, 164 Lumens **Opal Glass**: 9.2W, 2700K, 486 Lumens **Brass**: 9.2W, 2700K, 176 Lumens
IP Code:	20
Dimming:	Dimmable via 1-10v dimming systems. Please consult your electrician, additional wiring may be required on site.
Dimensions:	Height: 54cm Wall Mount Height: 12cm Wall Mount Width: 4.5cm Depth: 14.2cm **Porcelain**: Ø10cm Height: 21cm **Opal Glass**: Ø11cm Height: 21cm **Brass**: Ø11cm Height: 21cm
