PRODUCT DESCRIPTION

Designer: Thomas Bentzen

Muuto Linear Steel Bench

The Linear Steel series is a new approach to outdoor contemporary furniture. Designer Thomas Bentzen wanted to create a sophisticated yet durable product for outdoor use. The Linear Steel bench is defined by straight lines with a timeless and modern aesthetic. The collection translates longevity and functionality into modern furniture.

The bench is available in two sizes, a small 110cm and longer 170cm in five finishes: black, burnt orange, grey, grey and dark green. The benches can be paired with the Linear Steel tables and create a colourful seating area in your patio or garden. The Linear Steel Bench is perfect for both residential and commercial use. The series also includes a smaller cafe table (square and round) and for seating, you can also choose from an armchair or side chair.
