Astro Aquina Ceiling Light

The Astro Aquina Ceiling Light brings a refined, modern aesthetic to bathroom interiors. Featuring a layered glass shade with a clear outer shell and white inner diffuser, it provides both downward and outward illumination for an even, atmospheric glow. Finished with a sleek ceiling mount in matt black or polished chrome, it balances subtle elegance with practicality.

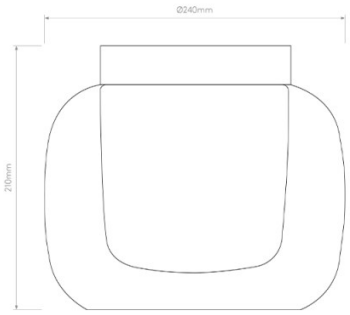

Available in two sizes, 240mm and 360mm, the Aquina Ceiling Light adapts to different spaces, from compact en-suites to larger bathrooms. Its IP44 rating ensures suitability for zones 2 and 3, while the fitting is dimmable when paired with compatible E27 LED lamps. This makes it ideal as a main bathroom light, offering both ambience and functionality.

With no visible fixings and a seamless profile, the Aquina creates a clean, architectural look. Its durable materials and timeless design also make it a popular choice for hotels and residential projects seeking understated bathroom lighting solutions.
