PRODUCT DESCRIPTION

Designer: Astro Design Team

Astro Minima Mini Recessed Light

Astro Minima Mini Recessed Light is a petite, simple recessed downlight for smaller spaces such as hallways and alcoves. It can be retrofitted into an existing ceiling, giving a clean finish without the fitting taking up much visual space.

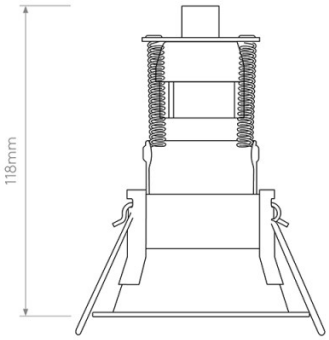

Minima Mini is available in Matt White and Matt Black, and it coordinates with the wider Astro Minima collection. An optional honeycomb louvre is supplied to help reduce glare, which is useful where the light is being used in a small room or a tighter ceiling position.

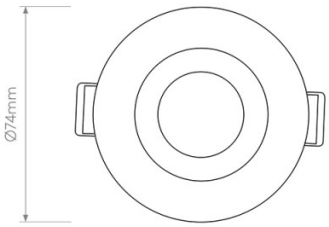

Minima Mini uses one LED GU10 lamp, sold separately, and can be dimmed when used with a compatible dimmable bulb. It is wired in, Class II double insulated, and suitable for mounting on flammable surfaces.

Best suited to hallways, alcoves, small rooms, kitchens, and bedrooms.
