PRODUCT DESCRIPTION

Designer: BIG

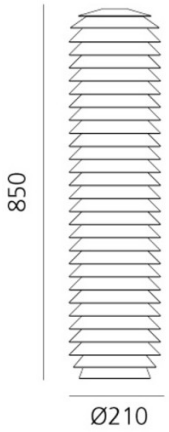

Artemide Slicing Bollard LED Outdoor Floor Lamp

The Artemide Slicing Outdoor Bollard features a clean, geometric form defined by distinctive slats, creating a sculptural interplay between solid and void. Inspired by architectural concepts of subtraction and negative space, the design transforms a simple monolith into a refined, contemporary object. The metal slats are not only a visual statement but also diffuse lighting for a soft, ambient glow that gently illuminates surrounding surfaces while minimising glare.

The controlled light output and IP65 rating make it ideal for guiding pathways and enhancing outdoor ambience in both domestic and commercial settings. In residential spaces, it works well along garden paths, driveways, and patios, while in commercial environments such as hotels, offices, and public areas, it helps define walkways and entrances with subtle sophistication.

PRODUCT SPECIFICATION

Light Source: 17W, 3000K, 2500 Lumens
IP Code: 65
Dimming: Non-Dimmable.
Dimensions: Ø21cm
Height: 85cm
