PRODUCT DESCRIPTION

Designer: Arturo Alvarez

a-emotional light Inn Pendant

The Inn Pendant was developed by the creative team at a-emotional light and marks an evolution of light. The pendant lamp is created using the brand's signature stainless steel mesh which is folded to create dynamic pleats that reach from a wide circular bottom to a narrow point at the top. The bottom of the shade is held by a sleek black ring which acts to reveal the interior, showing the beautiful craftsmanship and stunning design of the pendant.

The Inn pendant lamp is available in a subtle white colour which can be used in many interiors including homes, hospitality venues, commercial settings and work spaces. The opening at the bottom of the lampshade allows for a downward-directed light and the perforated mesh also allows for an overall, diffused illumination. With an organic and natural silhouette, the Inn pendant light is a wonderful addition to any room.
