Lodes Volum Pendant Light

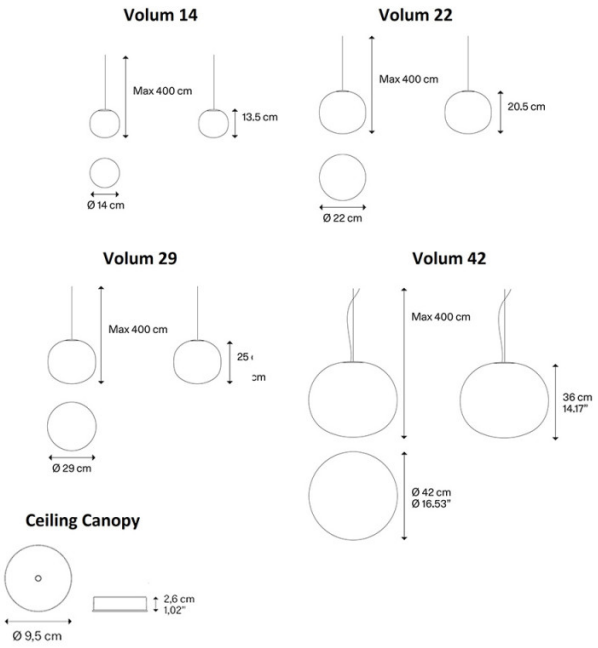

The Lodes Volum Pendant is a celebration of traditional Italian glassmaking. Each pendant is crafted from blown glass, giving life to naturally imperfect shapes. The shade's rounded silhouette presents a voluptuous aesthetic with a sense of weightlessness, giving the illusion that the shade is suspended in mid-air.

The Volum pendant lamp is available with a diameter of 14, 22, or 29cm. Its glossy white finish adds to the Volum's apparent simplicity. When illuminated, the shade diffuses light into a warm, uniform glow that fills the room with a welcoming ambience. Display individually in the centre of a room for a touch of elegance. In larger spaces, create unique clusters of lamps, altering in size and height, for a dynamic installation perfect for entrance halls or stairwells.

The Volum 14, Volum 22 and Volum 29 are also available to buy with different ceiling canopies, including multiple canopies to create cluster and linear suspensions. Please contact us for more info and prices.
