PRODUCT DESCRIPTION

Designer: Joana Bover

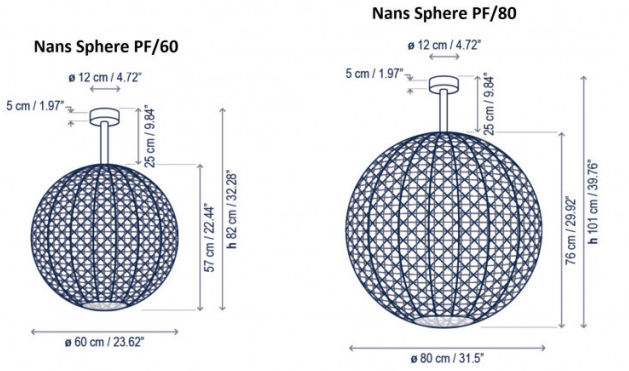

Bover Nans Sphere LED Outdoor Ceiling Light

The Nans Sphere outdoor ceiling lamp was designed by Joana Bover, the founder of the Bover lighting brand. The spherical lampshade is made using recyclable synthetic fibre, woven together to make an alluring and organic aesthetic. The ceiling light is aptly named after Cala Nans, Cadaquès, a small natural cove that boasts stunning and untamed beauty.

The Nans Sphere outdoor ceiling light is available in two sizes and in two colour finishes, red or brown. The 66 IP rating makes it suitable for outdoor use, adding a touch of Mediterranean style to any exterior. The ceiling lamp emits an ambient glow that is diffused and directs downwards, perfect for outdoor dining areas and terraces.
