Ferm Living Filo Table Lamp

The Filo Table Lamp has been designed by Ferm Living's team of in-house designers. The lamp features a classic silhouette, which is characterised by distinctive graphic lines. The shade and iron frame have been powder-coated to ensure a durable finish with a luxurious feel. The shade is available in a black finish, a sophisticated touch that complements the uncluttered frame.

The Filo Lamp creates ambient task lighting, which is evenly distributed into a downward glow. The inside of the angular shade is finished in a white satin colour, which reflects light onto the table it sits on. The task lighting created is perfect for an office desk or as a reading light beside a sofa. In commercial spaces, the Filo Lamp is well-suited to light a desk in a contemporary hotel room.
