Ferm Living Era Chandelier

Designed by Ferm Living's in-house team of designers, the Era's Chandelier is inspired by the 1920s Art Deco Movement. The luminaire features clear lines and geometric shapes that were popular during the 20s. Three opal glass spheres are held in place by a powder-coated iron frame, available in an eggshell or black finish. The frame's light and muted tones complement the delicate appearance of the glass globes, giving the pendant an elegant aesthetic with a touch of class.

The Era Chandelier creates a warm ambience that fills the room. The opal shades diffuse light into a soft glow that surrounds the chandelier. This warm lighting is perfect for adding welcoming and comfortable lighting to a dining room or living area. A 500cm cable allows you to install the Era in rooms with high ceilings. An individual pendant adds an essence of grace to any space. To create a more dynamic display, install the Era Pendant in clusters or multiples, lining the length of a long hallway. In commercial spaces, the Era Chandelier is well-suited to boutiques or contemporary restaurants.

PRODUCT SPECIFICATION

Light Source:	3 x Max 13W LED E27 (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Shade: Ø20 cm Height: 65cm Width: 47.6cm Cable Length: 500cm
