PRODUCT DESCRIPTION

Ferm Living Era Chandelier

Inspired by the 1920s Art Deco movement, the Era Chandelier is definitely a statement piece. The opal glass spheres rest on the powder-coated iron structure in a cashmere finish. A play of balance and serenity, the Era light definitely draws the eye even when switched off. The opal glass shades emit a diffused and warm light, instantly changing the mood in any room. The suspension has some feminine and delicate expressions, an ode to that era.

Perfect above a dining table or in the hallway, or in stairways. A 5m cable means you can install it in high-ceiling spaces. The Era Chandelier is perfect for both residential and commercial spaces.
