PRODUCT DESCRIPTION

Alton Floor Lamp by Nordlux

The Alton floor lamp is a beautiful example of Nordic minimalism, made from a combination of glass and metal. The glass shade has a gorgeous round silhouette, adding an organic and natural shape to your interior. The metal stem and base are sleek and simple in nature, taking up minimal space.

The Alton floor light is available with an opal white glass shade paired with a brass base. The opal white lends a traditional feel with a diffused glow. Perfect for a wide variety of settings, including homes, hospitality venues and projects.
