PRODUCT DESCRIPTION

Designer: Francesca Smiraglia

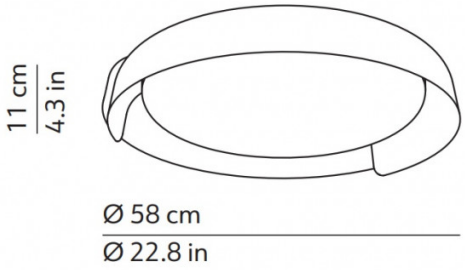

KDLN Dala LED Ceiling Light

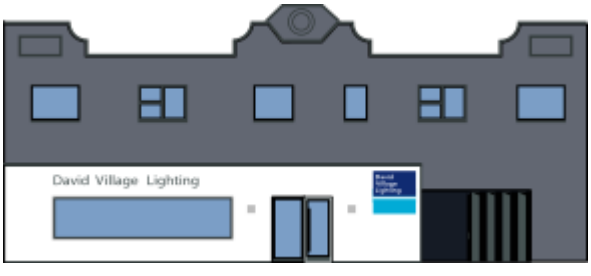

TThe Dala Ceiling Light is a decorative light by Italian designer Francesca Smiraglia. Its strong design and fluid lines give the Dala a decorative aesthetic with an architectural presence. Echoing the form of a flower in bloom, two outer metal casings overlap, wrapped around a large opal diffuser. The contrasting colours and organic shapes give the luminaire a natural and ornamental aesthetic, even when not in use.

The Ceiling Light produces a diffused, ambient glow, perfect for creating a comfortable atmosphere in living spaces, offices, and hallways. Display individually as a single statement piece or in multiples for a more dramatic lighting scheme. Suitable for both small and large spaces, and available in a range of neutral colourways, the Dala is a versatile lighting solution for both residential and commercial interiors.
