PRODUCT DESCRIPTION

Designer: Bjørn + Balle

Design For The People Strap Floor Lamp

The Strap floor lamp is the epitome of Scandinavian design, featuring a simple coned lampshade and sleek structure. The shade features a leather strap which adds a touch of modernity to an otherwise classic silhouette. The combination of metal and leather also creates an interesting aesthetic as contrasting materials work together to produce an interactive experience.

The Strap floor light comes with both a black and a brown strap in the purchase, allowing you to choose or even swap between the two depending on the look and style you want. The floor lamp also comes in a black finish. Use as an effective ambient light in lounges, bedrooms and more in any setting.
