PRODUCT DESCRIPTION

Helford Outdoor Wall Light by Nordlux

The Helford wall light embodies maritime design, inspired by the harsh Nordic coastline weather and the raw nature of the landscape. The wall lamp is made from glass and features a stunning metal structure that adds a rustic feel. The wall lamp is made to last in rough weather and is part of Nordlux's wider seaside collection which uses materials that mature beautifully overtime.

The Helford wall lamp is made from brass in either a brass or nickel finish, which will patina overtime to create a new and gorgeouse aesthetic as the years go by. The wall light is best used by exterior doorways, walls, driveways, gardens and more for a vintage and classic look.
